

FLEA MARKET AT S:T PER'S CHURCH 2025

Welcome to us as a seller! You keep 70 percent of the sales, while 30 percent is donated to the Church of Sweden's initiative to support financially vulnerable families in Uppsala through the projects *Alla ska ha råd* (Everyone Should Afford) and *Sommarpasset* (Summer Pass). This document contains everything you need to know and do.

The most important things first – to sell with us, your items must be:

- Intact and clean;
- Labeled;
- Sorted;
- Packed smartly.

Intact and Clean

All items must be whole, clean, and free from pet hair! Check, for example, that zippers work and that boots are waterproof. Minor defects are acceptable IF you clearly label them. We remove dirty or damaged items; these will be discarded or donated. This also applies to red-crossed items. If your items are not intact and clean, you may not be allowed to sell again, and you will be notified by email.

Label Your Items

Mark each item with masking tape and clearly write your **seller number, price, and size**. Circle your seller number and price the items in **multiples of 5 or 10**. Unlabeled items will not be sold.

A few tips:

- Consider double-labeling more expensive items.
- A double-folded tape through a hanger or around a care label holds well!
- Do not use pins or staples, as they may damage clothing.
- For sports fabrics, place labels on the inside, as tape sticks poorly to smooth fabrics.
- Ensure buyers can see the entire garment — do not tape it together!
- Tie gloves and shoes together with string or tape.
- Write the **inner measurement** of shoes, as sizes vary. This increases your chances of selling.
- Describe any defects on a separate piece of tape, indicating where, e.g., “*small stain*” or “*worn cuff*”.
- **Red-cross items** (items you wish to reclaim) by marking an **X** in red on the price tag. **Only** more expensive items (25 SEK and up) may be red-crossed.

Sort All Your Items

Sort your items by size and ensure similar clothing types are grouped together! **An unsorted bag will not be unpacked at the flea market.**

Pack Smartly and Label Your Bags

- Pack **one size per bag**, if possible. Place a paper describing the **bag's contents** on top.
- Different sizes can share a bag if separated with **labeled dividers** (paper sheets or smaller bags).
- Odd sizes should be sorted downward, e.g., size 130 goes with 122/128.

Each size should be further divided into these categories:

- Short-sleeved
- Long-sleeved & cardigans
- Pants & tights
- Skirts & dresses
- Pajamas
- Underwear, tights & base layers
- Sportswear
- Dress clothes (e.g., shirts, blouses, dress pants, blazers)
