Missing an item?

It may have been removed due to being dirty or damaged, or the label may have fallen off. Unlabeled items will not be sold – check the "unlabeled" table at pick-up.

Tips to sell more

- Skip spring and summer clothes
- Write inner length on shoes
- Tie or tape together mittens and shoes
- Fold tape through hangers or around care labels – do not use pins or staples, as they damage the clothes
- Double-label more expensive items
- Label sports fabrics on the inside – tape sticks poorly to slippery, shiny fabrics
- Odd sizes are sorted downward – e.g., size 130 goes with 122/128

Good luck and see you at the sale! //Styrelsen
